

AREAS OF AT³ PROGRAM FOCUS:

Micro and Nano Technologies & Semiconductor Tech

Artificial Intelligence, Machine Learning & Computer Science

Robotics & Automation

Biotechnology

Advanced Manufacturing & Precision Machining

Quantum Tech

POWER POTENTIAL WITH AT³ THE ADVANCED TECHNOLOGY TECHNICIAN TRAINING PROGRAM

Are you a technical education student eager to enhance your expertise? **Apply now** at [CareersInTech.us](https://careersintech.us) for the 8-month **Advanced Technology Technician Training** program, designed to equip students with the knowledge, skills, and abilities essential for a successful career as a technician in the micro and nano technology industries.

The **AT³** program runs from **October 18, 2024 to May 9, 2025**. Participate in hands-on learning sessions, gain insights from industry partners, earn up to \$3,000 in stipends, and receive application support for internship opportunities.

Application deadline is **September 30, 2024**, so don't miss out!

What You'll Experience:

- Engage in weekly Friday Zoom meetings hosted by **MNT-EC** (Micro Nano Technology Education Center)
- Complete challenges in the MNTFolio on-line ePortfolio
- Complete 3 core modules using **TAP3D** virtual reality simulations
- Earn up to \$3,000 in stipends based on completion requirements
- Receive application support for summer internships in tech fields
- Earn an extra \$500 stipend by completing 3 more TAP3D modules

Applicant Requirements:

- Must be a U.S. Citizen or Permanent Resident
- Must have a U.S. Social Security Number or Tax ID Number
- Must be a U.S. community college student or technical school student enrolled in an accredited technical education program
- High school dual enrollment participants are welcome!
- Students must be enrolled in at least one technical education course in each of the Fall 2024 and Spring 2025 semesters
