

POWER POTENTIAL WITH AT³ THE ADVANCED TECHNOLOGY TECHNICIAN TRAINING PROGRAM

Are you a technical education student eager to enhance your expertise? **Apply now** at [CareersInTech.us](https://careersintech.us) for the 6-month **Advanced Technology Technician Training** program, designed to equip students with the knowledge, skills, and abilities essential for a successful career as a technician in the micro and nano technology industries.

The **AT³** program run from **July 10, 2026 to December 4, 2026**, with optional, additional sessions in early 2027 focused on placement and preparation for spring/summer research experiences. Participate in hands-on learning sessions, gain insights from industry partners, and receive application support for internship opportunities. Students in **AT³** will have the opportunity to earn up to \$250 in stipends.

Application deadline is **May 1, 2026**, so don't miss out!

What You'll Experience:

- Engage in weekly Friday Zoom meetings hosted by MNT-EC (Micro Nano Technology Education Center)
- Complete challenges in the MNTFolio online ePortfolio
- Complete three core modules using TAP3D virtual reality simulations
- Receive application support for internships in tech fields

Applicant Requirements:

- Must be a U.S. Citizen or Permanent Resident
- Must have a U.S. Social Security Number
- For the AT³ Program - must be a U.S. community college student or technical college student enrolled in an accredited technical education program
- Students must be enrolled in at least one STEM education course for the Fall 2026 semester.

AREAS OF AT³ PROGRAM FOCUS:

Micro and Nano
Technologies &
Semiconductor Tech

Artificial Intelligence,
Machine Learning &
Computer Science

Robotics & Automation

Biotechnology

Advanced Manufacturing
& Precision Machining

Quantum Tech
